# GIFFEN CO. RETURNS

Will Be the Attraction at the Bijou Next Week.

THE OPENING POSTPONED

Manager Wells Deferred the Big Summer Event in Face of a Street-Car Strike that Seemed to Be

Manager Wells and Manager Giffen have arranged to spring a surprise on the playgoers of Richmond next week. Both have been very reticent as to the attractions that will be seen in the two

attractions that will be seen in the two theatres.

Mr. Giffen did vouchsafe the information the other day that his dramatic stock company at the Academy would be seen in a very elaborate production of "Davy Crockett," and the announcement sent a steady stream of purchasers to the box-office. Manager Wells has been studiously quiet on the other hand, and there have been rumors of great preparations at the Casino. These preparations are a settled fact, and they are, on a very large scale, but the opening is not yet.

Last night Manager Wells decided that

Last night Manager Wells decided that

Last night Manager Wells decided that it would be flying in the face of providence to open the Casino in the teeth of a promised street car strike, and so the Bijou will be kept open next week, and the attraction will be "Miselle "Awkins" presented by the Giffen Musical Comedy Company.

This organization was seen here earlier in the season, and has since been playing to capacity audiences in the southern theatres of the Wells' circuit. Its return will be cordially welcomed. The organization is practically the same as when it was seen here earlier in the season, but the production of the "Miselle 'Awkins" is something entirely new and decidedly alluring.

"Under the Red Robe" is attracting crowded houses at the Academy, Business has steadily increased to the capacity point, and the performance is as commendable as possible. It is remarkable what differences of opinion exist as to the merits of the play and the performance. One old theatre-goer declared that the company is doing magnificent work, quite the best in its career, in feet, but that the play is not good. Whether this is so or not, the audiences are larger than they have ever been in the history of the Giffen Company in any season, and enthusiasm is unbounded. It is a pretty play at any rate, and it is prettilly and most effectively staged. There has been a great run on the box-office for the matines to-morrow, but that was to be expected as the piece is pre-eminently a matine card.

"The Little Minister' and Lady Babble continue to make friends at the Bljou. The pretty play is praised by everyone who sees it. If you have not seen it, then it is worth while to make haste to do so, and if you have seen it, then it is still worth while to see Miss Taylor as Lady Babble. Her work is exceptionally clevr, and there are those who declare that her portrayal of this charming character leaves nothing to be desired. The usual performance will be given to-night and there will be matinee and night performances to-morrow.

In a Cape of Appendicitis.

Food cured a well known Kansas school leacher of appendicitis. "A year ago last July I was taken sick with appendicitis and was operated upon, being down in bed for 9 weeks and although I was given up to die by the doctor and the entire hand to be the back to work, although a wreck, About the middle of last February I was taken sick with appendicitis and was operated upon, being and went back to work, although a wreck, About the middle of last February I was taken sick when the Earlies was been the middle of last February I was taken sick the same way, but went to Eureks Springs and stayed for 5 months, ill all the time and just about half allive.

"If was about this time I received a letter from an Aunt in Nebraska telling me of what a food called Grape-Nuts had done for her and asking me to try it. I did so, and in a short time Grape-Nuts had done me more good than all of the treatments put together. My case is spoken of as one of the most interesting in Kansas, for I spent over \$1,00 for predical treatment and fanily had to fall each on food, and am now getting slong far better than I have before for several years. I am recuperating rapidly and vetting strong and healthy again. My stomach and bowels are normal and on the whole I feel like a new man.

"I studied diseitles in my work as school teacher, but rever knew before that the power of pure scientific food sould be so great. I recommend Grape-Nuts to all whether in health or sickness, young or old." Name given by Posture Co. Battle Creek, Mich.

#### ORDER IS RESTORED

Colombia Officials Confident of Passing Canal Treaty.

Cartai Treaty.

(By Associated Press.)

WASHINGTON, D. C., June 4.—A caberam received at the State Department to-day from United States Minister Beaupre, at Bogoia, dated June 1st, reads:

"A decree issued to-day declares public order restored throughout the nation." ile order restored throughout the nation."
This announcement is believed to have an important bearing upon the pending canal treaty, for it is supposed to indicate the suspension of martial law and the removal of the constitutional objections to the assembling of the Colombian Congress under other than peace conditions. The officials feel that this would not be done were not the Colombian officials reasonably confident of their ability, to carry through Congress their ability to carry through Congress the crogramme relative to the canal treaty.

Before this he exchanged some Confederate buillion with the bank officers for coin and paid it out to his escort. I don't know what others got but have reasons for belleving that some of them received several hundred dollars. I got thirty Mexican dollars of the coin age of 1857 and a \$2.50 gold piece. I have not of the dollar pieces. I went trom the coin to both of May by General Molineaux on the day of President Davis's capture. I have my parole on a piece of brown paper, not so good as the paper used by merchants for wrapping goods. I wish some one would write accurately an account of the trip from Charlotte to Augusta, Ga., where President Davis relinquished the last vestific of the office of President of the Confederate States and became an humble citizen of an oppressed section.

## SAYS THEY BREAK DOWN THE HEALTH

Physician Appeals to Trustees of the College to Abolish Finals.

Through the Religious Herald, of this city, Dr. G. W. Drake, a well known physician of Hollins, Va., and a Confederate war veteran, addresses to the Board of Trustees of Richmond College, which will meet in this city next week in annual

Trustees of Richmond College, which will meet in this city next week in annual session, an appeal ror the abolition of cxaminations on account of their pernicious effects upon the health.

The attention of Dr. Drake was called to the matter by the recent action of the students of the college in petitioning the faculty for a change involving the substitution of monthly examinations for the finals now held. This movement Dr. Drake endorses. In his appeal he says in part:

"In support of these resolutions I begieve to offer my views. There are two words in the English language which stand out in appailing contrast. They are education and instruction. The one means leading out and strengthening, the other piling on and enfeebing. The one always promotes health, the other often destroys health. Instruction is useful only when it subserves the purpose of organic education. Like sharp edged tools in the hands of children, it should not be handled by the inexperienced or the careless. Let the teachers in our schools and colleges beware how they manipulate it lest they press it too hard or too continuously. Organic education should be the supreme purpose of all teaching, otherwise there will result racial degeneracy, the product of enfeebled manhood and womanhood. The effect of overtaxing the brain cells is often irreparable. The nuclei are shrivelled and serrated by fatigue to such a degree as too incapacitated for their normal functions. In our country there are too many victims of overtaxed brain cells, the result of the pernicious system of final examinations in our colleges. In the interest of a healthy American cilizenship, as a physician and hygienist, I plead for monthly examinations at the regular hours of recitation, the last in the session counting for no more than the first, and the general average determining the status of the student."
